GROWN IN THE LAST GREEN VALLEY

MANSFIELD GROWN

A guide to the Agricultural Products and Services in Mansfield, CT

Produced by the
Mansfield Agriculture Committee.
MansfieldCT.gov/MansfieldGrown

aerial photo from www.glsweetnam.com

Mansfield's farms

are a rich part of our history and are a key to creating a sustainable future. Over 75%--about 22,175 acres-- of Mansfield's land is

composed of farms or forest. From fruits and vegetables to dairy, meat, and forest products, agriculture is an important part of our economy. Not only do our farms and forests protect the Town's natural resources, they are our rural character and are a reason why people choose to live here.

You hold the key to the future of our agriculture. Buy food, fiber, and forest products from local farms, businesses, farmers markets, and farm stands. Support town and state policies that keep farms and forests viable. This brochure is updated annually. Participation is free of charge. If you know of a Mansfield agricultural business that would like to be included, please email parks&rec@mansfieldct.org.
